Advisory Business

Firm Description

BEACON FINANCIAL ADVISORS, LLC, (“FIRM NAME”) was founded in 2002.

BEACON FINANCIAL ADVISORS, LLC provides personalized confidential financial planning and investment management to individuals, pension and profit sharing plans, trusts, estates, charitable organizations and small businesses. Advice is provided through consultation with the client and may include: determination of financial objectives, identification of financial problems, cash flow management, tax planning, insurance review, investment management, education funding, retirement planning, and estate planning.

BEACON FINANCIAL ADVISORS, LLC is strictly a fee-only financial planning and investment management firm. The firm does not receive commissions for purchasing or selling annuities, insurance, stocks, bonds, mutual funds, limited partnerships, or other commissioned products. The firm is not affiliated with entities that sell financial products or securities. No commissions in any form are accepted. No finder’s fees are accepted.

Investment advice is an integral part of financial planning. Investment advice is provided, with the client making the final decision on investment selection. BEACON FINANCIAL ADVISORS, LLC does not act as a custodian of client assets. The client always maintains asset control. BEACON FINANCIAL ADVISORS, LLC does not place trades for clients.

In addition, BEACON FINANCIAL ADVISORS, LLC advises clients regarding cash flow, college planning, retirement planning, tax planning and estate planning.

A written evaluation of each client's initial situation is provided to the client, often in the form of a net worth statement. Periodic reviews are also communicated to provide reminders of the specific courses of action that need to be taken. More frequent reviews occur but are not necessarily communicated to the client unless immediate changes are recommended.

Other professionals (e.g., lawyers, accountants, insurance agents, etc.) are engaged directly by the client on an as-needed basis. Conflicts of interest will be disclosed to the client in the unlikely event they should occur.

The initial meeting, which may be by telephone, is free of charge and is considered an exploratory interview to determine the extent to which financial planning and investment management may be beneficial to the client.

Principal Owners

Kristine McKinley is a 100% stockholder.

Types of Advisory Services

BEACON FINANCIAL ADVISORS, LLC furnishes investment advice through consultations.

On more than an occasional basis, BEACON FINANCIAL ADVISORS, LLC furnishes advice to clients on matters not involving securities, such as financial planning matters, taxation issues, and trust services that often include estate planning.

Tailored Relationships

The goals and objectives for each client are documented in our client relationship management system. Clients may impose restrictions on investing in certain securities or types of securities.

Agreements may not be assigned without client consent.

Types of Agreements

The following agreements define the typical client relationships.

Financial Planning Agreement

A financial plan is designed to help the client with all aspects of financial planning without ongoing investment management after the financial plan is completed.

The financial plan may include, but is not limited to: a net worth statement; a cash flow statement; a review of investment accounts, including reviewing asset allocation and providing repositioning recommendations; strategic tax planning; a review of retirement accounts and plans including recommendations; a review of insurance policies and recommendations for changes, if necessary; one or more retirement scenarios; estate planning review and recommendations; and education planning with funding recommendations.

Detailed investment advice and specific recommendations are provided as part of a financial plan. Implementation of the recommendations is at the discretion of the client.

BEACON FINANCIAL ADVISORS, LLC provides financial planning services on an hourly or flat fee per project basis. Fees are based on the anticipated number of hours involved in the project. Fees will range from \$75 to \$200 per hour, depending on the complexity and nature of the engagement. The minimum fee for a comprehensive financial plan will be \$600. There is no minimum fee for limited scope engagements.

Since financial planning is a discovery process, situations occur wherein the client is unaware of certain financial exposures or predicaments.

In the event that the client's situation is substantially different than disclosed at the initial meeting, a revised fee will be provided for mutual agreement.

The client must approve the change of scope in advance of the additional work being performed when a fee increase is necessary. No on-going or automatic reviews are provided, unless requested by the client. Periodic financial checkups and portfolio reviews are recommended, but it is the client's responsibility to initiate these reviews.

Follow-on implementation work is billed separately at the rate of \$180 per hour.

Tax Preparation Agreement

Tax preparation work performed separately from an *Advisory Service Agreement* or a *Retainer Agreement* is billed at a rate of \$75 per hour. Eligible federal and applicable state returns are filed electronically without an additional fee.

Hourly Planning Engagements

BEACON FINANCIAL ADVISORS, LLC provides hourly planning services for clients who need advice on a limited scope of work. The hourly rate for limited scope engagements is \$180.

Asset Management

Asset management is not provided by BEACON FINANCIAL ADVISORS, LLC, however detailed investment advice and specific recommendations are provided as part of a financial plan. Implementation of the recommendations is at the discretion of the client.

Recommended investments include no-load or low-load mutual funds and exchange-traded funds, usually through discount brokers or fund companies. Fund companies charge each fund shareholder an investment management fee that is disclosed in the fund prospectus. Discount brokerages may charge a transaction fee for the purchase of some funds.

Stocks and bonds may be purchased or sold through a brokerage account when appropriate. The brokerage firm charges a fee for stock and bond trades. BEACON FINANCIAL ADVISORS, LLC does not receive any compensation, in any form, from fund companies.

Investments may also include: equities (stocks), corporate debt securities, certificates of deposit, municipal securities, investment company securities (variable life insurance, variable annuities, and mutual funds shares), U. S. government securities, and interests in partnerships.

Initial public offerings (IPOs) are not available through BEACON FINANCIAL ADVISORS, LLC.

Termination of Agreement

A Client may terminate any of the aforementioned agreements at any time by notifying BEACON FINANCIAL ADVISORS, LLC in writing and paying the rate for the time spent on the investment advisory engagement prior to notification of termination. If the client made an advance payment, BEACON FINANCIAL ADVISORS, LLC will refund any unearned portion of the advance payment.

BEACON FINANCIAL ADVISORS, LLC may terminate any of the aforementioned agreements at any time by notifying the client in writing. If the client made an advance payment, BEACON FINANCIAL ADVISORS, LLC will refund any unearned portion of the advance payment.

Fees and Compensation

Description

BEACON FINANCIAL ADVISORS, LLC bases its fees on hourly charges and fixed fees (not including subscription fees).

Financial plans are priced according to the degree of complexity associated with the client's situation.

Fees are NOT NEGOTIABLE.

Fee Billing

A deposit of \$500 is required for comprehensive financial plans, with the balance due upon delivery of the financial plan.

Other Fees

Custodians may charge transaction fees on purchases or sales of certain mutual funds and exchange-traded funds. These transaction charges are usually small and incidental to the purchase or sale of a security. The selection of the security is more important than the nominal fee that the custodian charges to buy or sell the security.

Expense Ratios

Mutual funds generally charge a management fee for their services as investment managers. The management fee is called an expense ratio. For example, an expense ratio of 0.50 means that the mutual fund company charges 0.5% for their services. These fees are in addition to the fees paid by you to BEACON FINANCIAL ADVISORS, LLC.

Performance figures quoted by mutual fund companies in various publications are after their fees have been deducted.

Past Due Accounts and Termination of Agreement

BEACON FINANCIAL ADVISORS, LLC reserves the right to stop work on any account that is more than 60 days overdue. In addition, BEACON FINANCIAL ADVISORS, LLC reserves the right to terminate any financial planning engagement where a client has willfully concealed or has refused to provide pertinent information about financial situations when necessary and appropriate, in BEACON FINANCIAL ADVISORS, LLC's judgment, to providing proper financial advice. Any unused portion of fees collected in advance will be refunded within 30 days.

Performance-Based Fees

Sharing of Capital Gains

Fees are not based on a share of the capital gains or capital appreciation of managed securities.

BEACON FINANCIAL ADVISORS, LLC does not use a performance-based fee structure because of the potential conflict of interest. Performance-based compensation may create an incentive for the adviser to recommend an investment that may carry a higher degree of risk to the client.

Types of Clients

Description

BEACON FINANCIAL ADVISORS, LLC generally provides investment advice to individuals, trusts, estates, or charitable organizations, corporations or business entities.

Client relationships vary in scope and length of service.

Methods of Analysis, Investment Strategies and Risk of Loss

Methods of Analysis

Security analysis methods may include fundamental analysis.

The main sources of information include financial newspapers and magazines, inspections of corporate activities, research materials prepared by others, corporate rating services, timing services, annual reports, prospectuses, filings with the Securities and Exchange Commission, and company press releases.

Other sources of information that BEACON FINANCIAL ADVISORS, LLC may use include Morningstar Principia mutual fund information, Morningstar Principia stock information, Charles Schwab & Company's "SchwabLink" service, Advisor Intelligence, and the World Wide Web.

Investment Strategies

The investment strategy for a specific client is based upon the objectives stated by the client during consultations and may include long-term purchases, short-term purchases.

Risk of Loss

All investment programs have certain risks that are borne by the investor. Our investment approach constantly keeps the risk of loss in mind. Investors face the following investment risks:

- **Interest-rate Risk:** Fluctuations in interest rates may cause investment prices to fluctuate. For example, when interest rates rise, yields on existing bonds become less attractive, causing their market values to decline.
- **Market Risk:** The price of a security, bond, or mutual fund may drop in reaction to tangible and intangible events and conditions. This type of risk is caused by external factors independent of a security's particular underlying circumstances. For example, political, economic and social conditions may trigger market events.
- **Inflation Risk:** When any type of inflation is present, a dollar today will not buy as much as a dollar next year, because purchasing power is eroding at the rate of inflation.
- **Currency Risk:** Overseas investments are subject to fluctuations in the value of the dollar against the currency of the investment's originating country. This is also referred to as exchange rate risk.
- **Reinvestment Risk:** This is the risk that future proceeds from investments may have to be reinvested at a potentially lower rate of return (i.e. interest rate). This primarily relates to fixed income securities.
- **Business Risk:** These risks are associated with a particular industry or a particular company within an industry. For example, oil-drilling companies depend on finding oil and then refining it, a lengthy process, before they can generate a profit. They carry a higher risk of profitability than an electric company, which generates its income from a steady stream of customers who buy electricity no matter what the economic environment is like.
- **Liquidity Risk:** Liquidity is the ability to readily convert an investment into cash. Generally, assets are more liquid if many traders are interested in a standardized product. For example, Treasury Bills are highly liquid, while real estate properties are not.
- **Financial Risk:** Excessive borrowing to finance a business' operations increases the risk of profitability, because the company must meet the terms of its obligations in good times and bad. During periods of

financial stress, the inability to meet loan obligations may result in bankruptcy and/or a declining market value.
